1. General Obligation Improvement Bond, Series 2023A Pre-Sale

Administrator Linehan introduces the topic, On the April 26, 2023, the City Council awarded the Pavement Management Project (PMP) to Northwest Asphalt, Inc. for a series of streets in the Northeast quadrant and alleyway in the Northome neighborhood. The City needs the assistance of Bonds for this project and together with Ehlers they prepared a strategy. Todd Hagen, Senior Municipal Advisor, is here to present the strategy for the Bonds issue.

Hagen thanks the Mayor and Council. He states he is presenting and summarizing the pre-sale report for the Bonds. This report details the terms and conditions of the Bonds. The bond amount is \$521,000. The project cost will be larger than the Bonds, the remainder needed for the project will be coming from other City funds and prepay assessments. Because the Bonds are considerable small, it will not be rated and taken to the public market, rather, it will be sold to banks which will save money. The Bonds are being issued for a term of 5 years. Principal on the Bonds will be due on February 1 in the years 2025 through 2029. Interest is payable every six months beginning August 1, 2024. The Bonds will be subject to prepayment at the discretion of the City on any date after closing. Ehlers recommends selling this issue non-rated as the cost of the rating would not be expected to be offset by the potential lower interest rates resulting from obtaining a rating. The City of Falcon Heights has a Triple A bond rating. For the method of sale, a list of regional banks as well as previously used banks will be contacted. The Bonds Hagen hopes he will have a list of three to five banks interested banks. The City will be their own paying agent and will utilize Taft Stettinius & Hollister as their Bond Attorney. Hagen continues, if this pre-sale report is approved by the Council, Ehlers will distribute proposals to the banks and Hagen will return to the Council Meeting on July 26, to award the sale of the Bonds.

Councilmember Wassenberg asks if what the differentiators are when bidding out the bonds and what would be considered a good bid.

Hagen answers that the terms and conditions will be fixed, the interest rate will be the differentiator between bids.

Councilmember Wassenberg asks if the 5.25% in the report is the opening offer.

Hagen answers this is the interest rate with a buffer, a worst-case scenario. He explains, that if the Bonds issue would be taken to the public market, the interest rate might be lower, but the total cost of the Bonds will be higher due to additional fees, such as broker fees.

Councilmember Wassenberg asks Administrator Linehan when the Contractor will be requesting payment.

Linehan answers, that the contractor will be sending regular pay requests shortly. The City has sufficient cash reserves for the initial payment requests. He continues that the Bonds will be callable on any date without penalty, which is a good tradeoff for a slightly higher interest rate.

Hagen thanks the Council for allowing the City to utilize Ehlers services again for the Bonds issue.

Councilmember Wassenberg motions to approve Resolution 23-44, authorizing the sale of Bonds for the 2023 Pavement Management Project; approved 5-0

H: POLICY ITEMS:

1. State Fair Task Force Recommendation – Extension of No Parking on Water Side for all of Northeast Quadrant

Administrator Linehan states, at the first State Fair Task Force (SFTF) meeting, the SFTF discussed a variety of issues including parking. One easy solution, is to extend no parking on the water side for all of northeast quadrant. The reason is, it can be difficult if not impossible to get emergency vehicles down a street that is parked down both sides.

Councilmember Wassenberg asks for clarification of the attached map of State Fair Parking Restrictions.

Administrator Linehan comments, staff has been working on a super map that includes all the parking regulations in Falcon Heights.

Councilmember Meyer inquires if a conversation with the State Fair took place yet regarding the extension of the no parking.

Administrator Linehan answers no. He believes the State Fair is indifferent about this Resolution as it is meant for Public Safety and ensuring emergency vehicles can get through the streets easily.

Council discusses how the SFTF meetings are going and when the next meeting is.

Administrator Linehan comments, a special meeting was added on June 29th in order to have as much meeting time prior to the State Fair.

Council asks if Councilmembers are allowed to attend a meeting.

Administrator Linehan answers yes, it is open for Councilmembers and the public to attend.

Councilmember Leehy motions to
approve Resolution 23-45 Prohibiting State Fair Parking
on the Water Side of Streets in the Northeast Quadrant; approved 5-0

I. INFORMATION/ANNOUNCEMENTS:

Councilmember Wassenberg has no announcements.

Councilmember Leehy informs about Restoration Day on Thursday, July 6 and Unity Day on Friday, July 7. Restoration Day is a day where people are encouraged to do something restorative in a relationship. In the evening the Castile family will have a candlelight vigil at the Peace Garden. On Unity Day, the Castile Family will have a community BBQ on the lawn outside City Hall at 5:30 PM.

Councilmember Meyer has no announcements.

Councilmember Wehyee has no announcements.

Mayor Gustafson notifies about Night to Unite that will take place on Tuesday, August 1. This is a statewide event that builds and fosters community bonds between neighbors and public safety organizations. The registration is open and available on the Falcon Heights and Ramsey County Sheriff's Office website and it closes on July 14. The sheriff's office will be present at City Hall on Monday, July 17 in advance of the Community Engagement Commission meeting from 5:30 - 6:30 PM to have a short briefing and handout event materials to organizers of the block parties. Neighborhood liaisons and block party organizers are encouraged to attend. Mayor Gustafson attended the League of Minnesota Cities Conference in Duluth.

Administrator Linehan adds that the City is working on getting social media posts out for Restoration Day and Unity Day and he encourages everyone to attend Unity Day on July 7. The 2023 Pavement Management Project is going along at a great pace. Public Works has been working on sidewalk panel replacement in the Northome area. The Uppercut tree trimming project wrapped up and came in significantly under budget. The Planning Commission had an informal sketch review of 1407 Larpenteur Ave., known as the former Dry Cleaner property. During the meeting they provided the applicant with feedback as to how the plan can be improved. The developer will utilize this feedback and consider if they will be submitting an official formal application. The Planning Commission meetings are available to watch online.

The City Council Workshop meeting for Wednesday, July 5 will be canceled. Lastly, sidewalk is being poured by Ramsey County contractors on the Larpenteur Ave. section between Cleveland Ave. and Gortner Ave. Once completed, the cones on Larpenteur Ave. will be removed apart from the intersection.

Item	Grant application for park benches through Active Living Ramsey Communities Be Active! Be Green!
Description	<p>The City of Falcon Heights Staff had a Zoom call on July 10th to learn about and discuss the necessary steps in order to apply for park benches through a grant from Active Living Ramsey Communities Be Active! Be Green! Bench Initiative. Because applications are due two days later on July 12th, Staff is submitting a grant application for one bench for placement near the basketball court at Curtiss Field and (up to) two benches to be placed within Community Park. The City would be responsible for providing a cement pad (following ADA guidelines) under each bench and routine maintenance for 20 years.</p> <p>Staff requests Council approval to remain under consideration of receiving the bench grant through submitted application. Should the City be selected to receive a bench grant, the City would then be asked to sign a contract, which would be presented for Council approval at a City Council meeting on either August 9 or 23. The grant application would not move forward without a signed contract and without Council’s approval at that time.</p>

Data Practices Policy for the Public

Minnesota Statutes, sections 13.025 and 13.03 require this policy.

If your entity adopts this model policy, it must notify the Commissioner of Administration per Minnesota Statutes, section 13.073, subd. 6. Please use the notification information at the end of this model policy.

Your Right to See Public Data

The Government Data Practices Act (Minnesota Statutes, Chapter 13) presumes that all government data are public unless a state or federal law says the data are not public. Government data means all recorded information a government entity has, including paper, email, flash drives, CDs, DVDs, photographs, etc.

The law also says that City of Falcon Heights must keep all government data in a way that makes it easy for you to access public data. You have the right to look at (inspect), free of charge, all public data that we keep. You also have the right to get copies of public data. The Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

How to Request Public Data

You can ask to look at (inspect) data at our offices, or ask for copies of public data that we keep.

Make a written request. You may make your request by mail, fax, and email. Requests should go to the Responsible Authority or a Designee listed on page 4, using the data request form on page 6.

If you do not use the data request form, your request should:

- Say that you are making a request for public data under the Government Data Practices Act (Minnesota Statutes, Chapter 13).
- Include whether you would like to inspect the data, have copies of the data, or both.
- Provide a clear description of the data you would like to inspect or have copied.

You are not required to identify yourself or explain the reason for your data request. However, you may need to provide us with some personal information for practical reasons (for example: if you want us to mail copies to you, you need to provide us with an address or P.O Box). If we do not understand your request and have no way to contact you, we cannot respond to your request.

How We Will Respond to Your Data Request

Upon receiving your request, we will review it.

- We may ask you to clarify what data you are requesting.
- If we do not have the data, we will notify you in writing within 10 business days.
- If we have the data, but we are not allowed to give it to you, we will tell you as soon as reasonably possible and identify the law that prevents us from providing the data.
- If we have the data, and the data are public, we will respond to your request appropriately and promptly, within a reasonable amount of time by doing one of the following:
 - Arrange a date, time, and place for you to inspect the data at our offices; or
 - We will provide notice to you about our requirement to prepay for copies.
 - You may choose to pick up your copies, or we will mail or email them to you. We will provide electronic copies (such as email or CD-ROM) upon request, if we keep the data in that format and we can reasonably make a copy.
 - Response time may be impacted by the size and/or complexity of your request, and also by the number of requests you make in a given period of time.

- Following our response, if you do not make arrangements within 10 business days to inspect the data or pay for the copies, we will conclude that you no longer want the data and will consider your request closed.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please tell the person who provided the data to you. We will give you an explanation if you ask.

The Data Practices Act does not require us to create or collect new data in response to a data request, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request. If we agree to create data in response to your request, we will work with you on the details of your request, including cost and response time.

We are also not required to respond to questions that are not about your data requests, or requests for government data.

Requests for Summary Data

Summary data are statistical records or reports created by removing identifying information about individuals from entirely private or confidential data.

We will prepare summary data if you make your request in writing and pre-pay/pay for the cost of creating the data.

You may use the data request form on page 6 to request summary data. We will respond to your request within ten business days with the data or details of when the data will be ready and how much we will charge you.

Copy Costs – When You Request Public Data

Minnesota Statutes, section 13.03, subdivision 3(c) allows us to charge for copies.

You must pay for the copies before we will give them to you.

Multiple requests made within the same 10 business day period will be treated as a single request for the purposes of calculating total copy costs.

If possible, and upon request, we will provide you with an estimation of the total cost of supplying copies.

For 100 or fewer paper copies – 25 cents per page

100 or fewer pages of black and white, letter or legal size paper copies cost 25¢ for a one-sided copy, or 50¢ for a two-sided copy.

Most other types of copies – actual cost

The charge for most other types of copies, when a charge is not set by statute or rule, is the actual cost of searching for and retrieving the data, and making the copies or electronically sending the data.

In determining the actual cost of making copies, we include employee time, the cost of the materials onto which we are copying the data (paper, CD, DVD, etc.), and mailing costs (if any). If your request is for copies of data that we cannot copy ourselves, such as photographs, we will charge you the actual cost we must pay an outside vendor for the copies.

If, based on your request, we find it necessary for a higher-paid employee to search for and retrieve the data, we will calculate search and retrieval charges at the higher salary/wage.

Data Practices Policy:

Requests for Data About You and Your Rights as a Data Subject

Minnesota Statutes, sections 13.025 and 13.03 require this policy.

If your entity adopts this model policy, it must notify the Commissioner of Administration per Minnesota Statutes, section 13.073, subd. 6. Please use the notification information at the end of this model policy.

What is a “Data Subject”?

When government has information recorded in any form (paper, hard drive, voicemail, video, email, etc.), that information is called “government data” under the Government Data Practices Act (Minnesota Statutes, Chapter 13). When we can identify you in government data, you are the “data subject” of that data. The Data Practices Act gives you , as a data subject, certain rights. This policy explains your rights as a data subject, and tells you how to request data about you, your minor child, or someone for whom you are the legal guardian.

When Admin Has Data About You

The City of Falcon Heights has data on many people, such as permit applications, licenses and employment applications. We can collect and keep data about you only when we have a legal purpose to have the data. Admin must also keep all government data in a way that makes it easy for you to access data about you.

Government data about an individual have one of three “classifications.” These classifications determine who is legally allowed to see the data. Data about you are classified by state law as public, private, or confidential. Here are some examples:

Public Data

The Data Practices Act presumes that all government data are public unless a state or federal law says that the data are not public. We must give public data to anyone who asks. It does not matter who is asking for the data or why the person wants the data. The following are examples of public data about you that we might have:

- Your name on an application for a business license
- Your name on an application for a building permit
- Your address or other publicly accessible records

Private data

We cannot give private data to the general public. We can share your private data with you, with someone who has your permission, with our government entity staff whose job requires or permits them to see the data, and with others as permitted by law or court order. The following are examples of private data about you that we might have:

- Your social security number
- Your driver’s license number
- Your credit card number

Confidential Data

Confidential data have the most protection. Neither the public nor you can access confidential data even when the confidential data are about you. We can share confidential data about you with our government entity staff who have a work assignment to see the data, and to others as permitted by law or court order. The following is an example of confidential data about you:

- Juvenile case files
- Internal investigations
- Witness reports

Your Rights Under the Government Data Practices Act

As a data subject, you have the following rights.

Access to Your Data

You have the right to look at (inspect), free of charge, public and private data that we keep about you. You also have the right to get copies of public and private data about you. The Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

Also, if you ask, we will tell you whether we keep data about you and whether the data are public, private, or confidential.

As a parent, you have the right to look at and get copies of public and private data about your minor children (under the age of 18). As a legally appointed guardian, you have the right to look at and get copies of public and private data about an individual for whom you are appointed guardian.

Minors have the right to ask us not to give data about them to their parent or guardian. If you are a minor, we will tell you that you have this right. We will ask you to put your request in writing and to include the reasons that we should deny your parents access to the data. We will make the final decision about your request based on your best interests.

When We Collect Data from You

When we ask you to provide data about yourself that are not public, we must give you a notice called a Tennessen warning. The notice controls what we do with the data that we collect from you. Usually, we can use and release the data only in the ways described in the notice.

We will ask for your written permission if we need to use or release private data about you in a different way, or if you ask us to release the data to another person. This permission is called informed consent.

Protecting Your Data

The Data Practices Act requires us to protect your data. We have established appropriate safeguards to ensure that your data are safe.

In the unfortunate event that we determine a security breach has occurred and an unauthorized person has gained access to your data, we will notify you as required by law.

When Your Data are Inaccurate or Incomplete

You have the right to challenge the accuracy and/or completeness of public and private data about you. You also have the right to appeal our decision. If you are a minor, your parent or guardian has the right to challenge data about you.

How to Make a Request for Your Data

You can ask to look at (inspect) data at our offices, or ask for copies of data that we have about you, your minor child, or an individual for whom you have been appointed legal guardian.

Make a written request . You may make your request by mail, fax, or email. Also, requests should go to the Responsible Authority or a Designee, using the data request form on page 8.

We recommend using the sample **Data Request Form – Data Subjects** on page 8. If you do not choose to use the data request form, your request should:

- Say that you are making a request as a data subject, for data about you (or your child, or person for whom you are the legal guardian), under the Government Data Practices Act (Minnesota Statutes, Chapter 13).
- Include whether you would like to inspect the data, have copies of the data, or both.
- Provide a clear description of the data you would like to inspect or have copied.
- Provide proof that you are the data subject or data subject’s parent/legal guardian.

We require proof of your identity before we can respond to your request for data. If you are requesting data about your minor child, you must show proof that you are the minor’s parent. If you are a legal guardian, you must show legal documentation of your guardianship. Please see the Standards for Verifying Identity on page 9. If you do not provide proof that you are the data subject, we cannot respond to your request.

How We Respond to a Data Request

Upon receiving your request, we will review it.

- We may ask you to clarify what data you are requesting.
- We will ask you to confirm your identity as the data subject.
- If we do not have the data, we will notify you in writing within 10 business days.
- If we have the data, but the data are confidential or not public data about someone else, we will notify you within 10 business days and identify the law that prevents us from providing the data.
- If we have the data, and the data are public or private data about you, we will respond to your request by doing one of the following:
 - Arrange a date, time, and place to inspect data in our office, ensuring you have a meaningful opportunity to inspect data within 10 business days of your request at no charge.
 - Tell you how much the copies cost, and then provide you with copies of the data within 10 business days and upon payment of charges for the copies. You may choose to pick up your copies, or have us mail or email them to you. We will provide electronic copies (such as email or CD-ROM) upon request, if we keep the data in electronic format and we can reasonably make a copy.

- We will provide notice to you about our requirement to prepay for copies.
- Following our response, if you do not make arrangements with 10 business days to inspect the data or pay for the copies, we will conclude that you no longer want the data and will consider your request closed.
- After we have provided you with your requested data, we do not have to show you the same data again for 6 months unless there is a dispute about the data or we collect or create new data about you.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please tell the person who provided the data to you. We will give you an explanation if you ask.

The Data Practices Act does not require us to create or collect new data in response to a data request, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request. If we agree to create data in response to your request, we will work with you on the details of your request, including cost and response time.

In addition, we are not required to respond to questions that are not about your data requests, or that are not requests for government data.

Minnesota Statutes, section 13.04, subdivision 3 allows us to charge for copies.

You must pay for the copies before we will give them to you.

Multiple requests made within the same 10 business-day period will be treated as a single request for the purposes of calculating total copy costs.

If possible, and upon request, we will provide you with an estimation of the total cost of supplying copies.

Actual Cost of Making the Copies

We will charge the actual cost of making copies for data about you. In determining the actual cost, we include the employee-time to create and send the copies, the cost of the materials onto which we are copying the data (paper, CD, DVD, etc.), and mailing costs such as postage (if any).

If your request is for copies of data that we cannot copy ourselves, such as photographs, we will charge you the actual cost we must pay an outside vendor for the copies.

REQUEST FOR COUNCIL ACTION

Meeting Date	July 12, 2023
Agenda Item	Policy H1
Attachments	Resolution, Proposed Fee Schedule
Submitted By	Jack Linehan, City Administrator

Item	Request to hold public hearing for consideration of modification to uniform parking violation
Description	<p>At the June 29th State Fair Task Force (SFTF) meeting, the SFTF discussed a variety of issues including parking. One parking issue that was brought up was the importance of ensuring parking violations cover the costs for violations during the State Fair.</p> <p>The current uniform parking violation is \$50. Lot parking in commercial lots near the State Fair reached \$50 in 2022. Because of this, there were reports of visitors parking illegally in neighborhoods, such as within 30 feet of a stop sign, knowing a fine was possible but willing to take the chance.</p> <p>The proposed ordinance change would be to include language that parking violations double from August 15th to September 15th. This language was suggested by our City Attorneys to make it very clear to prosecutors and the courts when fines are doubled, rather than “during State Fair”. By having the fines double temporarily, it avoids having fines increase for other parking violations that are less resource heavy to enforce, such as during snow emergencies.</p>
Budget Impact	Minor impact to Fines and Forfeitures increasing.
