I. Discuss community outreach strategies regarding a potential partnership for policeservices with the City of St. Anthony Village

## POLICE SERVICES PARTNERSHIP UPDATE

The Falcon Heights City Council and St. Anthony Village City Council met in a joint workshop on February 8 for an initial discussion about a potential police services partnership.

No formal action was taken during the workshop. Council members from both cities expressed initial interest in beginning a multi-phase process to determine if a renewed partnership makes sense for each community, as well as the City of Lauderdale, which contracts with St. Anthony Village for police services.

Council members agreed that the first phase should focus on community engagement, expressing the importance of gathering and listening to feedback, questions and concerns from residents, City staff, St. Anthony Police Department (SAPD) officers and other stakeholders. The councils directed Falcon Heights and St. Anthony Village staff to develop in-person opportunities for community members to provide feedback. Each council will meet separately for workshops the week of February 12 to provide additional direction on community involvement.

The cities expect to announce details about the engagement process in late February. In the meantime, community members can share initial feedback online via the Falcon Heights and St. Anthony Village websites:

- [Falcon Heights community contact form](#)
- [St. Anthony Village community feedback form](#)

Council members also expressed their commitment to transparency throughout the process. The next phases of developing a partnership will be determined following community engagement.

Future updates will be shared in the weekly City newsletter and posted to the [police partnership webpage](#).

- [Watch a recording of the workshop](#)
